

ZAGADNIENIA BIOFIZYKI WSPÓŁCZESNEJ

Current Topics in Biophysics

CONTENTS

Grażyna E. Bialek-Bylka, Danuse Sofrova, Ryszard Skwarek, Tomas Kucera, Henryk Manikowski - Energy Transfer in Cyanobacterial (<i>Synechococcus Elongatus</i>) Photosystem I and II	3
Janusz Błasiak - Anion Transport in Erythrocyte Membrane in the Presence of an Organophosphorus Insecticide and its Methylated Homologue	8
Janusz Błasiak, Vladimír Kleinwächter, Zofia Walter, Renata Žaludová - Thermodynamic and Spectroscopic Characterization of Parathion-DNA Interaction	13
Joshua K. Audu, Ian V. Chapman - Development and Decay of Thermotolerance in Relation to Heat Shock Modification of Cell Membranes	17
Joshua K. Audu, Ian V. Chapman - Cellular Glutathione, Heat Shock Protein HSP-70 and Thermotolerance in HT29R Cells	22
Maria Filek, Franciszek Dubert, Jolanta Biesaga-Kościelniak, Izabela Marcińska - Relationship Between Differentiation of Cells in Wheat Callus and Their Surface Potential	26
Maria Filek, Maria Wędzony, Jolanta Biesaga-Kościelniak, Izabela Marcińska, Franciszek Dubert - Relation Between the Electric Surface Potential of Callus Tissue and its Histological Structure	31
Aneta Koceva-Chyla, Renata Marczak, Małgorzata Moderska, Zofia Józwiak - Effect of Adriamycin on DNA Structure and Proliferation of Immortal Rodent Cells	37

Board of Editors

A. Balter (Toruń)
I. V. Chapman (Dundee)
R. A. Demel (Utrecht)
P. G. Debrunner (Illinois)
B. Deuticke (Aachen)
W. Duda (Łódź)
R. M. Epand (Hamilton)
E. Gantt (Maryland)
H. J. Halpern (Chicago)
J. -M. Jallon (Paris)
S. K. Jain (Shreveport)
J. Kiefer (Gießen)
W. T. Konings (Groningen)
A. Kusumi (Tokyo)
J. R. Lepock (Waterloo)
B. Lesyng (Warszawa)
A. A. Lew (St. Petersburg)
S. J. Łukiewicz (Kraków)
R. K. Mishara (New Dehli)
M. Mimuro (Okazaki)
F. Musumeci (Catania)
F. A. Popp (Kaiserslautern)
H. Ratajczak (Wrocław)
T. Sarna (Kraków)
H. Sies (Düsseldorf)
C. Smith (Salford)
H. M. Swartz (Hanover)
A. N. Tikhonov (Moscow)
T. G. Truscott (Keele)
T. Yonetani (Pennsylvania)
R. Van Wijk (Utrecht)
A. Zieliński (Sopot)
J. L. Zweier (Baltimore)

Chief-Editor

Andrzej Dobek

Co-Editors

Piotr Jaśkowski

Michał Kurzyński

Janusz Sławiński

Current Topics in Biophysics publishes the original biophysical research in English. Reviews (in English or in Polish) and theoretical articles are also accepted.

Manuscripts should be submitted in duplicate to Dr. Piotr Jaśkowski, Department of Biophysics, Karol Marcinkowski Academy of Medicine, Fredry 10, 61-701 Poznań, Poland.

Subscription orders should be sent to ZARZĄD GŁÓWNY of the Polish Biophysical Society, Akademicka Str. 19, 20-033 Lublin. Annual subscription rate: US 20\$ for individual subscribers and US 30\$ for Institutions. Additional rate for airmail: US 5\$ (Europe) or US 10\$ (overseas countries). Subscription should be paid into account: PDK III O/LUBLIN No. 334206-602233-132

The publication of this journal is aided by a grant from the State Committee for Scientific Research (KBN)

INFORMATION FOR CONTRIBUTORS

I. General

1. The editors *Current Topics in Biophysics* are prepared to accept direct experimental studies, reviews and theoretical articles. Papers submitted may deal with any problem relevant to biophysics.
2. Papers must be submitted in English to:
Dr. Piotr Jaśkowski, Department of Biophysics, Karol Marcinkowski Academy of Medicine, Fredry 10, PL-61-701 Poznań, Poland.
The submission of the manuscript is regarded as the author's statement that it has not been published (or submitted for publication elsewhere).

II. Specific

1. Manuscripts and illustrations should be submitted in duplicate. Double-spaced typing and at least 2 cm margins are required. The length of manuscript is not limited.
2. The first page must include: the title; name(s) of author(s); affiliation(s); short running head (no more than 50 characters, including spaces); a detailed address for correspondence.
3. References should be cited in the text by giving the last name of the author (or authors) followed by the year of publication in parentheses, e.g. Reich (1970), Liboff and Furst (1974). If there are three or more authors, citations, **after the first time they are cited**, need give only the first author, e.g. Pineri, Escobues and Roche (1978) becomes Pineri *et al.* (1978). If there is more than one work by the author (or authors) in a given year, label them alphabetically within each year, e. g. Lang (1066a, 1966b).
4. The full references should be typed on a separate page (or pages) placed at the end of the article and should not be given as footnotes. They should include the names of all the authors and their initials, the year of publication in parentheses, the full title of the article or book, the standard abbreviated name of the journal, the volume number and the pages; and, for books, the city of publication and the publisher. The following may serve as illustrations:

Stępień K. & Wilczok T. (1982). Studies of the mechanism of chloroquine binding to synthetic DOPA-melanin. *Biochem. Pharmacol.*, **31**, 3359-3365.

Gennis R. B. (1989). *Biomembranes. Molecular structure and functions*. Springer-Verlag, New York.
5. The illustrations should be sent with the paper, but should not be affixed in place. The proper places for insertion, however, should be indicated in the text. All photographs, graphs and diagrams should be referred to as „Figures” (abbreviated to „Fig”) and should be numbered consecutively. The legends should be typed, correspondingly, on a separate page at the end of the article. The author's name, figure number, and an indication of its proper orientation should be written lightly on the back of each figure.
6. Tables should be numbered consecutively in Arabic numerals.
7. Legends must begin on a new page and should be as concise as necessary for self-sufficient explanation of the illustration.
8. The cost of 100 reprints are calculated on the basis of the number of pages (20 zł), figures (8 zł) and tables (8 zł). It could be reduced if text, figures and tables are prepared in Word (v. 7.0). Other formats are also acceptable but do not guarantee the reduction of costs. The cost estimate will be sent to the author for his approval after submission of the manuscript.
