

Corrigendum

Editors of the 3rd, Special EPR Issue of *Current Topics in Biophysics*, vol. 23(1), 1999, apologize to the Authors and the Readers for the lack of Fig. 3 and caption of Tab. 2 in the paper: **Giovanni Della Lunga, Rebecca Pogni, Riccardo Basosi** - Statistical Analysis of Spin-Hamiltonian Param-

eters Obtained from a Simulated Annealing Procedure for Liquid Phase Copper Complexes, pp. 125-131. The missing caption and figure are printed below.

Table 2 Mean values and standard deviations of parameters obtained by various best-fit methods

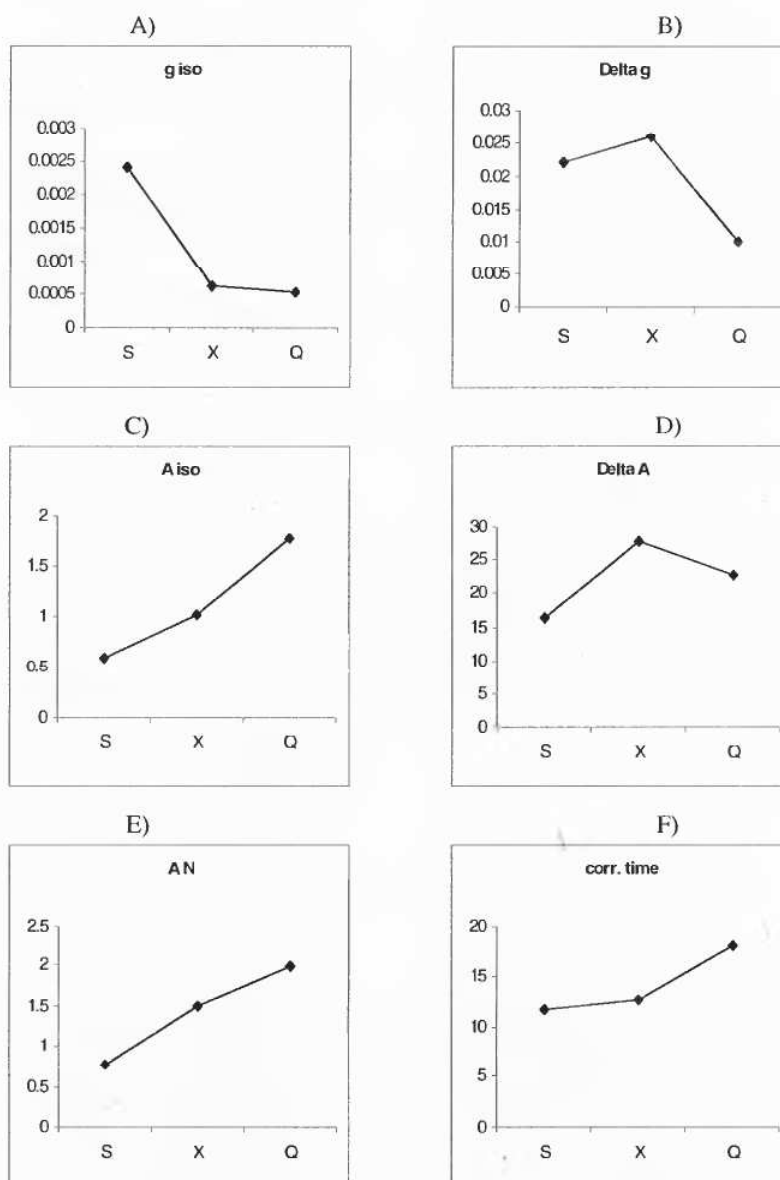

Fig. 3 Trend of the standard deviation at different frequencies for the spin-hamiltonian parameters obtained by an automatic best-fit procedure.
