## **PREFACE**

Dear Colleagues,

On behalf of the members of the Organizing and Scientific Committees of the XVI Congress of the Polish Biophysical Society I am very pleased and honored to welcome you to Ryn in Mazury.

I am confident, that all plenary lectures, communications and discussions will bring new insights to our research, scientific collaboration and friendly relationship between members of our Society.

Please accept my invitation to read the Book of Abstracts. There are about 100 abstracts representing broad spectrum of research interests of Polish biophysicists. I am convinced that reading of these abstracts will allow you to get good image of Polish biophysics development. Polish Biophysical Society is trying to support this development.

Zbigniew Wiczorek

President of the Polish Biophysical Society
